

## Why Toshiba?

In 1985, Toshiba pioneered and launched the world's first industry standard Notebook PC. Since then we've set the standard for Notebook innovation and groundbreaking performance.

We create our own products from design to build so you can feel comfortable knowing that quality and reliability are always at the core of what we do.

Toshiba innovations include the Diversity Antenna that incorporates one Bluetooth™ and two Wi-Fi™ aerials in the top of the LCD, providing optimal wireless connectivity.

## Free upgrade to 3-year warranty on Tecra M3

Until July 29, 2005, Toshiba is offering a FREE upgrade to 3-year warranty on every Tecra M3 – our Premium 'Built for business' Notebook. Experience genuine peace of mind with Toshiba's renowned reliability and quality, and a 3-year warranty to further protect your investment.

Roam wherever business takes you with the incredibly portable Tecra M3, designed specifically for standard operating environments and to reduce total cost of ownership.

The Tecra M3 features a magnesium alloy chassis for rugged durability, and its patented thermal cooling system increases performance, making it the ideal road-ready business Notebook.
